Rural Fire October Challenge	Three days with teams competing against each other. An Incident Management Team will be responsible for the daily planning, management and running the exercise. People working in the IMT will be working in planning, management support, resources supply, ground support, medical, finance, communication and catering units. This gives plenty of scope to follow up the theory delivered at the August training. The competing teams will carry out rural fire skills, management and personal team challenges and navigation to name a few.	Canterbury West Coast Regional Rural Fire Committee	South Canterbury	14, 15, 16 October
RFO Refresher	RFO Refresher	South Canterbury Rural Fire District	Timaru	TBA
